Highlighting SHINA's 2011 New Projects
Help us make a difference in the lives of the forgotten!

- **Special Needs Children**

Imagine yourself on a mat unable to move,
and behold a wheelchair!!!

“ I can move.”

Help SHINA build a daycare facility for these children who've been hidden away. Let their caregivers have a respite and let our children move.

- **Women War Veterans-Zimbabwe**

These unsung heroes were treated badly by the males on the front lines while they helped liberate their country. At home, they were rejected by their families as murderers, prostitutes or merely evil women. SHINA Inc. requests your support in this worthy project to bring back their dignity through micro business grants to provide livelihoods for our sisters, mothers and aunts as we strive for gender equality in matters of socio-economic status affecting women.
